

BROADWAY SIDEWALKS AND BROADWAY MAINTENANCE PROJECTS

CIP # 41606 and #42003

CONSTRUCTION UPDATE #16

Week of July 15, 2024

Hi Everyone!

Construction has begun and these updates will be distributed regularly to keep the community up to date on the status of the projects. Thanks in advance for everyone's understanding and patience during construction.

Current Period

- Contractor is finishing up the asphalt paving restoration work in the parking lots behind the sidewalks and driveways on the north side of Broadway.
- Once the paving restoration work is complete, the contractor will start demolition and grading work on the south side of Broadway from Blairs to the east for new curb, gutter, sidewalk, driveways and retaining walls
- Contractor's night work operations have completed the final testing on the new water mains and will be making the final connections to the existing main. **These final connections will require nighttime water service shutdowns on three consecutive nights.**
- Traffic control measures will be in place to direct vehicles and pedestrians through the work areas, but there may be some minor delays.
- **Businesses near the project site and their access will remain open during all stages of construction.**

Following Period

- **NIGHT WORK** - To help alleviate traffic congestion near the Broadway and Mosquito Road intersection, the Contractor will continue work operations to install the new 18-inch sewer down Broadway. ***This work will continue for approximately 6 more weeks.***
- **DAY WORK** – Contractor will complete the asphalt tie-in work to the new sidewalk and driveways on the north side of Broadway and will move over to the south side of Broadway from Blairs to the east with demolition and grading work for the new curb, gutter, sidewalk, driveways, and small retaining walls.

Important Information

HWY 50 eastbound off-ramp at Broadway and Mosquito Road under HWY 50 will be closed at night due to nighttime work operations at the intersection of Mosquito Road and Broadway.

Contacts

Dion Carr, Resident Engineer, Dewberry, (916) 276-4721, dcarr@dewberry.com

Melissa McConnell, City Engineer, City of Placerville, (530) 642-5250, mmcconnell@cityofplacerville.org
