

BROADWAY SIDEWALKS AND BROADWAY MAINTENANCE PROJECTS

CIP # 41606 and #42003

CONSTRUCTION UPDATE #8

Week of May 20, 2024

Hi Everyone!

Construction has begun and these updates will be distributed regularly to keep the community up to date on the status of the projects. Thanks in advance for everyone's understanding and patience during construction.

Current Period

- Construction continues at the retaining wall area located across the street from Save Mart. The wall has been poured and the Contractor has constructed the wood wall around the PG&E transformer – Pedestrian detour remains in place for this sidewalk closure.
- Contractor continues to excavate and install the new Broadway water main from the Splasherville Car Wash to the Blairs intersection – This water main will pass by several driveways on the south side of Broadway, but the driveways will remain open.
- Contractor will be starting new water main and service line installation for Stout Court
- Traffic control measures will be in place to direct vehicles and pedestrians through the work areas, but there may be some minor delays.
- Businesses near the project site and their access will remain open during all stages of construction.

Following Period

- To help alleviate traffic congestion near the Broadway and Mosquito Road intersection, the Contractor is planning night work operations in this area, in mid-June 2024 to install a new 8-inch water main on Mosquito Road and a new 18-inch sewer on Broadway.
- Contractor will start installing brick veneer on the newly constructed retaining wall
- Contractor will start removal and reconstruction work operations on the north side of Broadway from Carson Road and working to the east.

Important Information

There may be traffic delays at the HWY 50 eastbound off-ramp at Broadway due to the daytime work operations at the intersection of Mosquito Road and Broadway.

Contacts

Dion Carr, Resident Engineer, Dewberry, (916) 276-4721, dcarr@dewberry.com

Melissa McConnell, City Engineer, City of Placerville, (530) 642-5250, mmcconnell@cityofplacerville.org

Thank you!

BROADWAY SIDEWALKS AND BROADWAY MAINTENANCE PROJECTS

CIP # 41606 and #42003

Work on the new water main (top) and new PG&E vault and retaining wall across from Save Mart (bottom).

Thank you!
