**Office of Traffic Safety Awards \$70,000 Grant to the Placerville Police Department for Traffic Enforcement Program to Increase Safety on Roads**

Placerville, Calif. – Placerville Police Department announced today that it has received a grant from the California Office of Traffic Safety (OTS) to support its ongoing enforcement and education programs to help reduce the number of serious injuries and deaths on our roads. The grant program runs through September 2025.

“We are grateful to receive this grant, which will strengthen our traffic enforcement efforts and improve road safety,” Chief Wren said. “By increasing enforcement of traffic laws and focusing on high-risk areas, we aim to reduce dangerous driving behaviors, prevent crashes, and make our roads safer for everyone.”

The grant will provide additional programs and resources, including:

- DUI checkpoints and patrols focused on stopping suspected impaired drivers.
- High-visibility distracted driving enforcement operations targeting drivers in violation of California's hands-free cell phone law.
- Enforcement operations focused on the most dangerous driver behaviors that put the safety of people biking or walking at risk.
- Enforcement operations focused on top violations that cause crashes: speeding, failure to yield, stop sign and/or red-light running, and improper turning or lane changes.
- Community presentations on traffic safety issues such as distracted driving, impaired driving, speeding and bicycle and pedestrian safety.
- Officer training and/or recertification: Advanced Roadside Impaired Driving Enforcement (ARIDE) and Drug Recognition Expert (DRE).

Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
